February Session Deadlines

- 2/2/2018 5 p.m.: House Legislative Council Submission Deadline
- 2/5/2018: House Bill Introduction Deadline
- 2/26/2018: Last Day to Hear Bills in Chamber of Origin

Weekly Report is published by the Department's Legislative and Government Affairs Division. While the state's Legislature is in session, legislative staff provides a summary of bills that pertain to the Department, or that the Arizona Game and Fish Commission has voted to support or oppose along with a tracking list of bills that may have potential impacts to the state's wildlife resources. This document is also available online at: [AZGFD Government Affairs](#)

Legislative News: The House of Representatives was shaken this week by the evolving harassment investigation that culminated in a 56-3 vote on HR2003, expelling Don Shooter from the chamber. Speaker Mesnard brought the motion saying "It is a horrifying day ... It's no small thing to override the will of the voters in LD13." Representative Townsend said of the motion "Today we are human beings, joining together to have to do something very difficult. I don't see Republicans, and I don't see Democrats, and I don't see men vs. women. I see statesmen."

Earlier in the week the Commission's legislative priority, the renewal of its license simplification authority, was unanimously supported by both the House and Senate Natural Resource Committees. The Commission has received overwhelmingly positive feedback for the simplified license structure adopted in 2014. The authority to set the license structure and fees by rule has allowed us to respond timely to customer demands and offer better products such a license that is valid for 365 days.

News/Notes:

- The Game and Fish Commission's legislative day luncheon is scheduled for Tuesday 2/13/18 on the Senate lawn and will feature live wildlife, department displays and a game meat lunch.

Commission Legislative Agenda

HB 2310: *game and fish; licenses; fee.*

Summary: A Game and Fish Commission bill renewing the Commission's authority to set license structure and fees by rule. This legislation also paves the way for updated licenses and license sales by eliminating the requirement that a license be signed in ink on its face to be valid and by eliminating the burdensome reporting and reimbursement requirements on third party retailers associated with a statutory compensation structure. Finally, the bill clarifies the Commission's authority to offer free and reduced price licenses.

Other Bills of Interest

HB 2203: *wildland fuel loads; watershed protection*

A municipal mayor or a chairman of a county board of supervisors is authorized to determine that a "catastrophic wildland fuel load" (defined) exists on state or federal land located within the municipal or county boundaries. Factors the mayor or chairman may consider in evaluating whether a catastrophic wildland fuel load exists are listed. On determining that a catastrophic wildland fuel load exists, the mayor or chairman is required to take a list of actions, including notifying the federal or state agency that manages the land. Information that must be included in the notice is specified. The mayor or chairman is authorized to enter into a plan with the federal or state agency to abate the catastrophic wildland fuel load. If the federal or state agency does not respond within 30 days after notice or indicates that the agency will not abate the catastrophic wildland fuel load, the mayor or chairman is required to notify and consult with the municipal or county attorney and the Attorney General. If the mayor or chairman determines that a catastrophic wildland fuel load exists on federally managed land and adversely affects or constitutes an immediate threat to the public health, safety and welfare of the municipal or county residents, the mayor or chairman is required to pursue all remedies allowed by law. Additionally, the powers and duties of the State Forester are expanded to include providing for watershed protection and enhancement, in consultation with the Director of the Department of Water Resources. The State Forester is authorized to take specified actions for the purposes of watershed protection and enhancement, including removing certain woody biomass or entering into cooperative agreements with municipalities or counties to do so.

Disposition: Assigned to House Federalism, Property Rights and Public Policy

HB 2342: *off-highway vehicles; definition; user indicia.*

Summary: For the purpose of off-highway vehicle regulations, the definition of "off-highway vehicle" is modified to mean a vehicle that is designed, modified or purpose-built primarily for recreational non-highway all-terrain travel, and to include a tracked or wheeled vehicle, utility vehicle, all-terrain vehicle, sand rail, and rock crawler. The off-highway vehicle user indicia issued by the Department of Transportation may be a resident or nonresident indicia. A person who is not an Arizona resident and who displays an off-highway vehicle user indicia or registration from their state of residency is no longer exempt from the requirement to have an off-highway vehicle user indicia issued by the Dept in order to operate an all-terrain vehicle or off-highway vehicle in Arizona.

Rules **HEARING 2/5/18 at 1:00 PM, CAUCUS ROOM 1**

SB 1493: *environmental quality; dredge, fill permits*

Summary: Adds a new article to Title 49 (The Environment) authorizing the Department of Environmental Quality (DEQ) to establish a Dredge and Fill Permit Program that is consistent with and no more stringent than the federal Clean Water Act, including a permit program. Establishes a list of requirements for rules adopted by DEQ for the Program. Program rules and permit requirements under the Program are subject to the same enforcement statutes as other water quality control programs and permits. During the process of establishing and assuming state jurisdiction over the Program DEQ is required to negotiate with the U.S. Army Corps of Engineers (USACE) to ensure that the USACE will continue to process as many pending applications for permits and requests for jurisdictional determinations as possible before the date on which this state officially assumes jurisdiction over the Program. This legislation is repealed on August 1, 2023 unless the U.S. Environmental Protection Agency approves the Program under the terms of the federal Clean Water Act.
